

Indemnification Fund and Wastewater Infrastructure Manager

Lance Gregory

Director

Division of Onsite Sewage and Water Services,
Environmental Engineering, and Marina Programs

Virginia Department of Health

(804) 864-7491

SB1396 Next Steps – Indemnification Fund

- Grants and loans from indemnification fund.
 - Limited to 200% FPG and below.
 - Hire Wastewater Infrastructure Manager.
 - Establish framework for program.
 - Eligible I-fund owners still first in line.
 - Possible targets for initial funding.
 - Assist in evaluating other options (e.g. VEE grant).
- VIMS tool can help identify areas with low income and failure hotspots.
- Avoid owners taking waivers – installing less protective systems.

SB1396 Next Steps – Impacts of Climate Change

- Impacts of climate change.

VIMS tool can help us identify where these areas impacting shellfish water are today, and where these issue could occur in the future.

Wastewater Infrastructure Manager

- Continue coordination with VIMS to expand tools.
- Assist in implementation of the new Commonwealth Policy
- Develop and implement the indemnification fund loan program.
- Assist in assessment of wastewater infrastructure needs.
- Liaison to wastewater infrastructure workgroup.
- Seek and assist with other funding opportunities.
 - Virginia Environmental Endowment and Smithfield Foundation Grant
 - American Recovery Plan Act
